

Student-initiated VIA Project (2022)

Post-Project Reflection (You may use the following guiding questions to write your reflections. Do make reference to the School Mission, the Principles of CST and the UN Global Goals)

Name of Project : _____

Name of external organisation : _____

Name : _____ ()

Class : Sec _____

Date : _____

Learning Outcomes :

- Touching Hearts** - I am able to make a difference.
- Owning the community** - I can empathise with others and discuss the issue with others.
- Understanding Needs** - The spirit of giving, not just money but time as well, and helping and serving from the perspective of the other.
- Choosing to make a difference** - I freely choose to contribute and give back no matter how small my effort may seem.
- Helping through actions** - Being present, giving attention and making positive contributions.

Guiding questions :

- Have your expectations/objectives of your project been met? How?
- What did you learn from the project?
- What do you think is the underlying issue which has contributed to this particular community need?
- What can be done to change the situation? What more can be done for this segment of society?
- Did you manage to overcome any personal challenge? If yes, how? If no, why?
- What response did you get when you _____(eg smiled)?
- What did it feel like when _____?
- What if you had not _____?
- How can the project be made more meaningful?
- What would you do differently the next time?
- What advice can you pass on to or share with others?
- How has this experience changed the way you act or think?
- Has your sense of “community” been altered?
- What was one thing you learnt that was different from what you thought before the project?
- How will I continue to “Ever seek, Ever serve” in my life?
